EXPERIENCE

GENERAL ASSEMBLY | New York, NY

Web Development Immersive September 2018 – December 2018

- Completed General Assembly's 12-week long Web Development Immersive (WDI) training program dedicated to preparing students to think like engineers and approach problems creatively in an agile work environment through Git. Built and deployed full-stack web applications using HTML5, CSS, JavaScript, React, React Native, and Express. Projects include: Disney Frozen themed one player battleship, third-party API Disney trip adviser, recreated Instagram, and a Disney dating app.

ARAMARK | JPMorgan Chase • Jersey City, NJ

Catering & Café Operations Manager July 2016– September 2018

- Managed JPMorgan Chase's Jersey City Corporate Center's daily catering events ranging from internal business meetings to evening receptions for a population of 8,000 people in three separate buildings. Supported client satisfaction by ensuring catering service standards were met. Utilized time management to prioritize clients' needs while completing daily operational tasks.
- Opening Starbucks manager for JPMorgan Chase's Jersey City Corporate Center's new license Starbucks store. Managed labor and food cost to maximize account profitability by creating barista schedules, minimizing food waste, creating and adjusting all inventory pars, and tracking inventory and ordering accordingly. Certified Starbucks barista and barista trainer.
- Accepted into Aramark's Accelerate to Leadership Program and placed as a Food Service Manager at JPMorgan Chase's Jersey City Corporate Center. Managed forty hourly Aramark associates in a unionized environment. Responsible for Front of House operations, all cash handling procedures, and all Café related marketing, advertising, revenue, expenses, receivables and payroll. Resolved clients' complaints and concerns in a courteous, friendly and professional manner.
